

January 23, 2018 Steering Committee Reflections

Getting out the Vote for both the June Primary and the November Elections are necessary if we want to make difference in our community. Providing information to our community is our priority.

The 48th Congressional Debate was a success. Hats off to the Debate Team! We used our funds wisely. We generated good PR for the HB Huddle. We gained respect and notice from other political groups.

Our Communications Team efforts are really paying off. We have increased our presence across all platforms. Thank you to all who work on the team.

We are planning a hands on training for using BASECANP for our internal communications . A training time will be established. We will focus on creating a template/guidelines for "How to Prepare a Huddle meeting".

We will be participating in the Great America Write In event on March 24. Libby will be the lead and the Women's Rights Team will provide support. Each action team will create writing statements that can be used,

There was much discussion on the structure of the Huddle meetings during an election year. No firm decision has been made. We will take it month by month.

To celebrate the 1 year Anniversary of the Huddle we will have a sheet cake with our logo to serve at our February Huddle. Each Action Team will also provide an item to celebrate.

The Healthcare Team is finalizing their plans for the February 17 Huddle. Members of the Steering Team will provide support.

For March we plan to hold a Candidate Forum for the 72nd and 74th State Assembly Districts. **All** candidates will be invited to attend. We will use our candidate forum model that we established during the 48th Congressional Forums.

April Huddle is being planned by the Environment Team.

All Action Teams are planning their calendar of activities and calls to action for 2018.

We are considering adding an Operations/Facilities Use Team.

A resale license is also being considered, We voted to acquire a HB Huddle credit card to facilitate online purchases and for making deposits.
